It has been decided that the concessions will apply to all persons with liabilities to serve abroad when required. The scope of the G.O. has been explained in the subsequent letter to the Comptroller. Since Mr. Shama Rao has also sent a temporary post, the question of relaxation of qualifications will arise in his case.

A. I agree. But the fact that an officer going on War Service holds only a temporary appointment need not stand in the way of his being paid furlough pay but only for the period during which he holds lien on any appointment under Government. ~~The furlough-pay would in such cases be calculated on the pay of the appointment on which he holds a lien from time to time.~~

War Service cannot, however, entitle a temporary officer to any privilege with regard to pension rights which he would not have got if he had not gone on such service and this point may be made clear.

Sir,

Adverting to correspondence ending with your letter No.1553/W dated 9-9-42 regarding the concessions to Government Officers in Civil employ who volunteer themselves for War Service, I have the honour to state that a doubt is felt whether these concessions may be extended to temporary employees also who do not hold substantive appointments. As it is stated in the above letter that there is no question of any leave being at the credit of the officer volunteering for War Service or of his being granted furlough, the intention of Government appears to be that no such distinction is to be made between temporary or permanent service in extending these concessions. As this point is however not quite free from doubt and as I am receiving enquiries in this behalf from several departments for clarification, I request that definite orders of Government may kindly be communicated at an early date.

I have the honour to be,
Sir,
Your most obedient servant,

Deputy Comptroller
For Comptroller absent from Head Quarters.
